

Exam Guidelines

General Rules

@Prof. Dencho Batanov

Rule 1:

Answer all questions!

Don't leave question without answer!

Rule 2:

Be concentrated!

Be focused!

Rule 3:

Think first!

Read carefully the questions,
think of your answer and
write it – **not in reverse
order!**

Rule 4:

Write your answer in a short, concise form!

Less words better...**but strongly related to the question!**

Rule 5:

Try to show your understanding
(knowledge)!

It will be appreciated much
more than the pure information!

Rule 6:

Don't rely on the slides of the lectures only!

Do you have your own lecture notes? Look at them!

Don't forget what you know from the labs, assignments,...

Rule 7:

Be well-prepared for the exam!

- read with understanding!
- try to make your own examples!
- separate the important from supporting things!
- plan your time to cover all the material taught!

Rule 8:

Apply the above rules

and

your success is guaranteed!
